WELCOME

Woodside Care Home provides nursing, residential and respite care for up to 26 people in stunning surroundings. Our Georgian building retains many of its period features, and we have a variety of different sized bedrooms, most boasting en-suites.

Our grounds are surrounded by nature and mature trees and the River Don flows close by. It is the perfect location for a peaceful, and relaxing way of life. Many of our residents have bird tables at their bedroom windows and our gardens are visited by local wildlife regularly.

Our team at Woodside is made up of qualified, naturally caring people

who provide excellent, professional care. They are committed to supporting our residents to fulfil a full and active life.

In addition to providing a high quality of care, we offer a varied activities programme which includes arts and crafts, gardening, exercising and much more. The programme is designed around the interests of our residents.

YOU'LL EXPERIENCE A REAL SENSE OF FAMILY AT WOODSIDE

At Woodside, we are focused on providing the very best care and delivering special resident experiences every day. Our home offers a real sense of family that has kindness, friendliness and respect at its heart.

We focus on providing the highest standards of person centered care, 24 hours a day. The well-being of our residents is our top priority. We understand that the transition into a care home is an important one and nobody listens to residents' and families views quite as closely as we do.

We have a spacious conservatory which is perfect for welcoming friends and families for visits or an important occasion. We also encourage residents to socialise and continue their hobbies but understand that they may need some quiet or alone time - we have

areas where residents can sit back, relax and read a book or the newspaper.
